INTRODUCTION

This briefing gives guidance on the programme of Public Holidays and Annual Holidays, which apply in England Wales and Scotland until the New Year 2007. Spring Holiday and Associated Public Holidays

The Working Rule Agreement specifies that the spring holiday shall be the four working days immediately following Easter Monday to give an Easter holiday of one calendar week. The spring break in 2005 will therefore extend from Monday 17 April to Friday 21 April inclusive.

Summer Holidays

The Working Rule Agreement states that the summer holiday shall be two calendar weeks, not necessarily consecutive to be granted in the 'summer period' ie between 1 May and 31 October.

Winter Holiday and Associated Public Holidays

The Working Rule Agreement states that there shall be seven working days taken in conjunction with Christmas Day, Boxing Day and New Years Day to give a winter holiday of two calendar weeks. The winter break in 2006 will therefore extend from Saturday 23 December to Sunday 7 January 2007.

PAYMENT FOR HOLIDAYS GENERAL

The provisions of the CIJC Working Rule Agreement provide that all holidays (annual, Public and Bank) are paid at the same rate. Where the operative's pay does not vary with the amount of work done a week's pay is simply the normal weekly wage for the contractual weekly hours as defined by the contract of employment. Where the operative's pay varies with the amount of work done because of piece work or other productivity bonus arrangements, then a week's pay is arrived at by calculating the earnings during the normal working week as defined by the contract of employment, averaged over the 12 complete weeks worked immediately prior to the holiday week. A day's pay is calculated by dividing the week's pay as defined above by the number of hours in the normal week and multiplying it by the normal hours in the particular day, both as defined by the contract of employment.

PAYMENT FOR WORK ON PUBLIC HOLIDAYS

All hours worked on a day designated as a Public Holiday shall be paid for at double time (WR.19.3)

NIGHTWORK AND SHIFTWORK

In the case of night work or shift work, it is customary for a holiday period to commence and finish at the start of the shifts which include the midnight proceeding or the midnight at the end of the holiday period for normal day workers.
